The Global Financing Facility (GFF) is an innovative global financing mechanism combining domestic, external (grant and loan) and private sector financing to achieve common reproductive, maternal, newborn, child and adolescent health (RMNCAH) goals.

**WHAT TO DO NEXT?**

Find the full sharpened One Plan II here:

**What is the GFF?**

The GFF Trust Fund (grant)
IDB / IBRD (loan)
Domestic Resources
Private sector resources
Aligned external financing

**Who is eligible?**

**Frontrunners:**
1. DRC
2. Ethiopia
3. Kenya
4. Tanzania

**2nd Wave:**
5. Benin
6. Liberia
7. Malawi
8. Maldives
9. Senegal
10. Sierra Leone
11. Cambodia

**3rd Wave:**
12. Burkina Faso
13. Central African Republic
14. Côte d’Ivoire
15. Madagascar
16. Malawi
17. Rwanda

**What is the sharpened One Plan II?**

The sharpened One Plan II is the first and key step in the GFF process. It is a national strategy for RMNCAH+N that outlines prioritized investment needs that will fast-track the achievement of RMNCAH+N goals.

**Who will benefit from the GFF the most?**

Women and girls throughout their lives

- **GROWTH & DEVELOPMENT**
- **PREGNANCY**
- **LABOUR & BIRTH**
- **POSTNATAL MOTHER & BABY**
- **CHILD**
- **ADOLESCENCE**

and across all levels of the health system

**Why does Tanzania need investment?**

- **INFANT MORTALITY RATE**
  - (per 1,000 live births)
  - 43

- **DELIVERIES ATTENDED BY A SKILLED BIRTH ATTENDANT**
  - 64%

- **MATERNAL MORTALITY**
  - (per 100,000 live births)
  - 556

- **UNDER 5 MORTALITY**
  - (per 1,000 live births)
  - 67

**WHO WILL BENEFIT FROM THE GFF THE MOST?**

Women and girls throughout their lives

- **GROWTH & DEVELOPMENT**
- **PREGNANCY**
- **LABOUR & BIRTH**
- **POSTNATAL MOTHER & BABY**
- **CHILD**

**What is the funding gap for Tanzania?**

There are not enough available resources for RMNCH interventions in Tanzania; there is an estimated gap of about US $930 million annually.

**What will the money pay for?**

Funding is linked to specific results measured by Disbursement Linked Indicators (DLIs).

- **DLI 1:** Completed all foundational activities
- **DLI 2:** Achieved results in institutional strengthening across all levels
- **DLI 3:** Quarterly performance facility review
- **DLI 4:** Performance measured by LGA balanced scorecard
- **DLI 5:** Performance measured by regional scorecards
- **DLI 6:** Performance measured by National scorecards
- **DLI 7:** Completed annual capacity building activities across all levels

**What is the expected impact?**

Key results indicators for measuring the impact of the GFF investment are based on priority themes such as family planning, nutrition and quality health services.

**What will the money be disbursed?**

As DLIs are achieved, funding is unlocked to implement high impact interventions on these areas:

- **DLI 1:** Completed all foundational activities
- **DLI 2:** Achieved results in institutional strengthening across all levels
- **DLI 3:** Quarterly performance facility review
- **DLI 4:** Performance measured by LGA balanced scorecard
- **DLI 5:** Performance measured by regional scorecards
- **DLI 6:** Performance measured by National scorecards
- **DLI 7:** Completed annual capacity building activities across all levels
